Missouri Bank Robbed in Broad Daylight,

By Seven Men Armed With Winchester.

FOUR CITIZENS SHOT.

The Robbers Got Four Thousand Dollars.

NOEL, Mo., May 11.—At 3 o'clock yesterday afternoon seven men armed with Winchester and revolvers rode into Southwest City, Mo., and robbed the bank, getting all the money the bank contained, between \$3,000 and \$4,000. They evidently came from the Territory and were experts, as they did the job in a very business-like manner. Two of them were stationed on the outside and three entered the bank with a sack and two others guarded the horses.

About 100 shots were fired by the robbers and four of the best citizens were badly wounded. J. C. Seaborn and O. L. Seaborn were both shot through the groin; Mart Pembree, leg broken by a bullet; S. F. Melton, United States marshal, received a flesh wound in the leg. The robbers were about ten minutes going through the bank, afterward mounted their horses and started for the nation at full speed.

As they were leaving the outskirts some one fired several shots at them, killing a horse and wounding a robber, but it is not known how badly he was hurt. He immediately secured another horse from a farmer who was passing and followed his pals. No resistance was offered by the citizens. The wounded men were shot while standing on the sidewalk. A posse was made up and have started in pursuit. But the robbers have a good start and will likely get away.

The First Paragraph of the Schedules Reached—Patton Sworn In.

WASHINGTON, May 11.—In the senate yesterday afternoon the first paragraph in the tariff schedules was reached, viz: That of acetate, or pyrolic acid, the chemical schedule was taken up and Senator Allison offered an amendment substituting the provision in the McKinley law on this article for the provision in the pending bill of 20 per cent ad valorem.

At 2:40 the debate was interrupted in order to allow Mr. Patton, the new senator from Michigan, to be sworn in.

Mr. Dolph then took the floor. He had no intention, he said, of completing the speech he began on April 20. At 4 o'clock he completed the section of his speech the public printer desired to print, and after the absentees had been brought back to the chamber by a call of the senate, Mr. Dolph got the floor.

At 5:10 o'clock the house resolutions on the death of Representative Brattan of Maryland were presented. Appropriate resolutions offered by Mr. Gibson were adopted by the senate. The chair appointed as a committee to attend the funeral Messrs. Gibson, Palmer, Gray, Perkins and Dubois, and the senate then, at 5:15 p. m., as a further mark of respect, adjourned.

## THE TARIFF DEBATE.

Senator Harris Will Push His Resolution Early to-morrow.

WASHINGTON, May 11.—Senator Harris made an effort yesterday to obtain consideration for his resolution providing for 10 o'clock sessions, but was repulsed by Senator Hoar with an objection to its presentation while the tariff bill was before the senate. It is now the purpose of Senator Harris to introduce the motion during the morning hour to-day. Under the rules, a resolution can not be considered the same day that it is introduced, consequently the discussion, which the resolution is sure to provoke, will not take place until Saturday.

Exciting Scene in Court.

## NEWS FROM HAWAII.

Delegates to the Constitutional Convention Chosen—Cumulative Ballot.

HONOLULU, May 3, per steamer Alameda, via San Francisco, May 11.—The election for delegates to the constitutional convention was held yesterday and passed off in a very quiet manner. No Royalist candidates were in the field, and consequently no special interest was taken in the election. The American Union party had five candidates and six others ran independently. Of the regular ticket three were elected, one of whom, A. Kuniakaka, is a descendant of the old reigning family, the Kamehamehas, and the last of his race.

The cumulative ballot system was used and 7,747 votes were cast. As each voter was allowed six votes, the total vote was 1,291 out of a possible 1,700. The Portuguese voted solidly for their two candidates and elected both. Returns from the other islands are not yet in, but as there was very little opposition to the American Union party ticket no contest is expected.

A number of prominent Royalists have set June 1 as restoration day. It is stated that they expect to be fully armed by that time, and if no help is received from the United States they intend to make an attack on the provisional government. The government officials take no stock in the rumor, however.

In other mines around Rich Hill, and at the mines at Bedford, Vernon county, some men continued at work cleaning up, but with the completion of this task all the miners will lay down picks and shovels and go out.

It is understood the miners demand sixty cents per ton all the year around. They are now receiving fifty cents, also that doctor's fees be cut down to fifty cents instead of \$1 per month, also a cut of one-half for blacksmith's work, the regular fee retained being \$1 per month, and that the charge for powder be \$1.50 per keg, instead of \$2. "C. I. Hood & Co., Lowell, Mass.: 'Gentlemen:—I ought to make known my experience with Hood's Sarsaparilla, so that others afflicted may learn where to find a remedy for that serious and obstinate disease, catarrh. It troubled me seriously. I had a dull aching sensation in the top of my head, and the usual discharge from the nose. I became so bad that mornings I could do nothing but hawk and spit. My lungs were also being rapidly affected, and had it not been for Hood's Sarsaparilla, I would have died.'

I owe my cure to the blood purifying powers of Hood's Sarsaparilla." MINNIE M. KEYSER, Pataaskala, Ohio.
